

# Instrumentation Technician

## Joffre Plant

**Ferus Inc. specializes in the production, storage, supply and transport of liquid nitrogen and liquid carbon dioxide for the energy industry.**  
**[www.ferus.ca](http://www.ferus.ca)**

Ferus requires an Instrumentation Technician to join the team at our Joffre facilities. The ideal candidate would be prepared to travel and able to work alone, with minimal supervision. They must be an open, honest team player, willing to work with other trades.

### Responsibilities:

- Maintain equipment in accordance with preventative maintenance program
- Assist operations with plant optimization and troubleshooting
- Work in close collaboration with maintenance and production
- Provide technical support on new projects and designs
- Assist with installation, commissioning, start-up and maintenance of new equipment
- Maintain and perform minor configuration changes to existing control systems. Current systems are Fisher DeltaV, Allen Bradley Control Logics, Wonderware and RS View
- Work with, coordinate and supervise contract personnel as required
- Participate in review process for establishing PM work orders for electrical/instrumentation
- Assist in identifying cause of failure and making appropriate recommendations or upgrades
- Provide input into turnaround and project planning and execution
- Troubleshoot process and equipment problems over the phone and in person
- Respond to afterhours maintenance/operations calls

### Requirements:

- Journeyman instrumentation technician
- Must possess a class 5 drivers license
- Willing and able to travel to other locations, in Western Canada and USA
- Ability to read and understand electrical and P&ID drawings
- Possess good troubleshooting skills for both instrumentation and control systems, previous configuration and programming experiences would be an asset
- Willing to share knowledge and train others
- Preference will be given to; Allen Bradley PLC and HMI Experience, DeltaV DCS experience, Foundation Fieldbus and DeviceNet experience and Dual Ticket (I&E)

Ferus offers a competitive compensation package including a competitive base salary, bonus incentive plan & an excellent Benefits Package, including a Group RSP Savings Plan.
